SALES LIST JUNE 2007

Currently we have the following horses for sale and in training at Heartland Farm:

William; is a black 16'2 hand four year old tb/wb cross. He is working daily under saddle and has 2 nice leads. He is very brave over the little jumps and is getting a solid understanding of the changes. He is a pretty mover and has no bad habits. He is very quiet and unflappable, is not bothered by other horses, he is very attractive and can probably do a bit of everything. He is sound in his bare feet. We are asking 12,000.

Rosie; is a 5 year old dark liver chestnut dwb/tb cross working daily around little courses and on her lead changes. She is quiet, sweet and good enough for the younger riders to ride in their lessons. She has strolled the show ground at HITS and so has some good mileage off the farm. She is sound, has no bad habits and is 16+ hands. Rosie is lovely and very kind. 10,000. or best offer.

Roger; is an 8 year old 16'1 hand big bodied grey TB cross gelding and is the horse everyone wants to own, he packs around 3 feet with good changes, wins a ribbon in the hack and is like riding a sofa. He will ride quietly w/o spooking down the road, last week we used him to round up a pony we couldn't catch. He has been showing for the past 3 years and has done children's hunter and eq and did a bit of the jumper classes and was a contender. He and his novice owner filled the Medal and Maclay classes at Northampton last year and were among the call backs. Neither had ever done 3'6 before. We do not see him as a 3'6 horse but if you or your customer are a little scared or you are an adult looking for the perfect companion, I truly have never seen any better than Roger. He is 100% sound every day and can be handled and even ridden by small

children. He is very sadly offered for sale or lease. Private treaty.

Goose; is 17'1 plus. He is a great big grey TBG but is much more like a warm blood. He is a made 3 foot horse with auto swaps and many miles in the show ring, he is kick around quiet in tack and has no vices but is a little strong to handle on the ground.(Can be a little pushy) He is sound, 11 years old and attractive. He counter canters and has even been used in some lessons. He is currently being enjoyed by an adult who has not ridden in the past 3 years. He has big solid feet and is clean all over. He could certainly do some jumper classes and possibly dabble in the 3'6 once he is horse show fit. He is priced to sell, and perhaps to lease to the right situation. Call for price.

Spy is a 15 year old, attractive, dark bay, made TBG and will jump easily around 3 foot. He is positively elegant in every way and in the ring a very showy horse in a lovely frame. He is a gentleman to handle and has many miles in and out of the ring. He will need his hocks maintained and will offer no excuses to do his job. For the student who wants to ride, learn, and show and doesn't have a big budget, Spy is a find. He is 17 hands and is \$8500.00.

Alphabet; is a 15'3 hand, stout, branded, 10 year old Oldenburg gelding He is a Jupiter son and is fiery red like his sire. He was not broke till he was 7 so he is still green in many ways and is eligible everything. Currently jumping 2'6 to 2'9 courses working on his changes and will go to the horse shows this summer. He is a very good jumper and a nice mover with a kick around attitude. He is easy, easy to see a distance from and can be ridden by a solid if not super experienced rider. A very nice hunter prospect ready to show. \$15,000.

Prince; Large bright bay (4 white socks) 7 year old pony working in the lesson program. Prince is a goooooood mover and a willing jumper, although he is not for the beginners yet, he is on the way. 3500. Page 2

Mikey; is a 13'2 hand bright bay children's hunter pony ready to do the green ponies. He is very brave, is a good mover and a better jumper. He has no vices and is sound and easy to handle. Showed in Ocala this winter, he is quiet and easy in a program. Currently asking 15,000. Will ship in from Fla. this month.
